

Adobe Connect Meetings

[Enjoy business benefits]

- 1 Single online application for all collaboration services: Audio, web, and video conferencing
- 2 Instant cross-company collaboration for faster decision-making
- 3 Quick ROI thanks to Cloud hosting for a fast and scalable deployment
- 4 Complete roll-out service provided by Arkadin, from deployment through to user training
- 5 Minimize IT investment with a hosted solution on a dedicated platform

Discover the true power of online meetings

A fully integrated audio, web, and video conferencing solution for instant online collaboration. Adobe Connect Meetings is a feature-rich application seamlessly integrated with top-quality Arkadin hybrid audio conferencing, offering a very intuitive user experience.

Arkadin extends the value of Adobe Connect with the seamless integration of top-quality audio conferencing. Full, end-to-end, local customer services ensure a smooth and fast deployment and ongoing care for all your end-users.

Adobe Connect Meetings

A powerful audio, web, and video conferencing solution delivered 'as a Service' by Arkadin

An intuitive and feature-rich interface for engaging remote collaboration with everyone, everywhere and from any device

Integrated hybrid audio

- High-quality, secure, and reliable Arkadin audio conferencing
- Hybrid audio capability enables internal VoIP users and external parties using PSTN telephony to meet in conference
- Management and visibility of audio conference lines
- Conference access from any phone or internet device

Intuitive and engaging

- Application and desktop sharing to illustrate your ideas
- High-quality video conferencing to view up to 100 participant webcams simultaneously
- Live feedback to easily poll and communicate with participants
- Meeting room customization to catch your participants' attention
- Breakout rooms to create forums for greater interactivity
- Add-in for Microsoft Lync and Office Communicator for a fast and easy way to start and join meetings

The Arkadin difference

- Affordable 'Software as a Service' delivery model with low cost of ownership, no maintenance costs, and free upgrades
- A fully hosted solution with full site implementation, provisioning service, training and technical support - all with a single point of contact
- 24/7 live assistance from Arkadin's award winning customer service team

"This is a very slick all-in-one solution. Instead of presenting static designs via a conference call, the screen sharing function allows us to look at the elevations and floor plans simultaneously."

B. Todi
